

ENERGY & hydration

Ioniplex® is a nano-molecular compound extracted from fulvic acid, comprised of 65+ trace minerals. Due to its composition, it can be added to energy & hydration products, and serve as a natural electrolyte & anti-oxidant matrix. With Ioniplex's® unique ability to penetrate cell membranes and stimulate mitochondria (the cell's energy engine), it naturally enhances hydration and energy products/ingredients by transporting essential vitamins, minerals and nutrients into the cellular structure supporting stimulant free energy production, and enhanced hydration.

Ioniplex® Benefits

- Stimulant Free
- Natural Energy
- Natural Electrolyte Matrix
- Enhances absorption of your formula
- Fully soluble
- Detoxification through chelation

Endless Applications

- Energy Drinks
- Electrolyte Beverages
- Sports Drinks

Our Research Results

- Highly-bioavailable mineral complex comprised of 65+ ionic trace minerals*
- Stimulates mitochondrial activity nearly 35%*

Elevate your brand's potential with Ioniplex!

Ioniplex® has the power to make any ingredient more bioavailable. By enhancing the rapid absorption of nutrients into the cellular structure, Ioniplex® enables your product to maximize its potential. As a result, your customers experience the full effect your product offers.*
